Re: *Equifax Inc. Customer Data Security Breach Litigation*, Case No. 1:17-md-2800-TWT

To whom it may concern,

I am a member of the settlement class. I was notified by EQUIFAX that my personal information on their database was breached, and I confirmed this by identifying myself on the website provided after the breach.

I don't think, given the nature of the breach, with the short and long-term implications, and that an insufficient amount of money was allocated to compensate the number of individuals in the class, that it is fair, reasonable, or adequate, and I don't think the Court should approve it.

I have not objected to any class action settlements in the previous five (5) years.

I do not intend to appear at the Fairness Hearing, either in person or through a lawyer.

Respectfully,

EDWARD W. FRANK
